History

In 2013 the center managed by Rome municipality had 1.356 places

The places were not exclusively for asylum seekers and refugees but for migrants coming from non EU countries. Nevertheless about 90% were asylum seekers and refugees

Sprar started in 2005. Since that date Rome only received a monetary contribution for the reception expenses.

In 2013 with the «emergency» Rome started receiving people directly from arrivals.

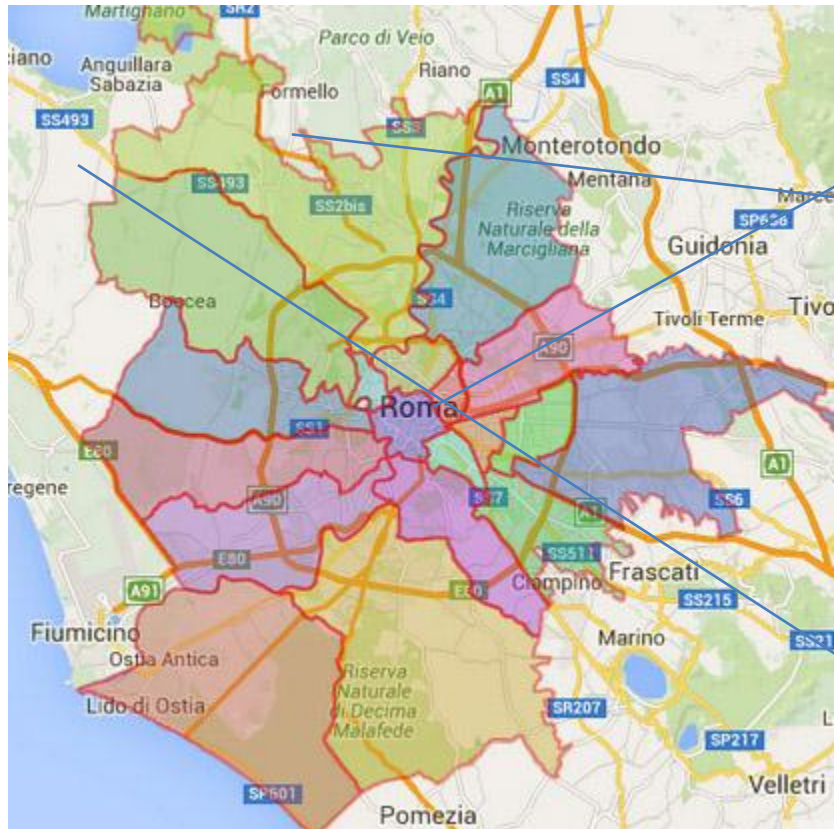

In 2014 after the participation in the call for proposals Rome Municipality won a Sprar project.

The places funded were 3.097 for 3 years 2014-2016.

What is our goal?

Programma integra

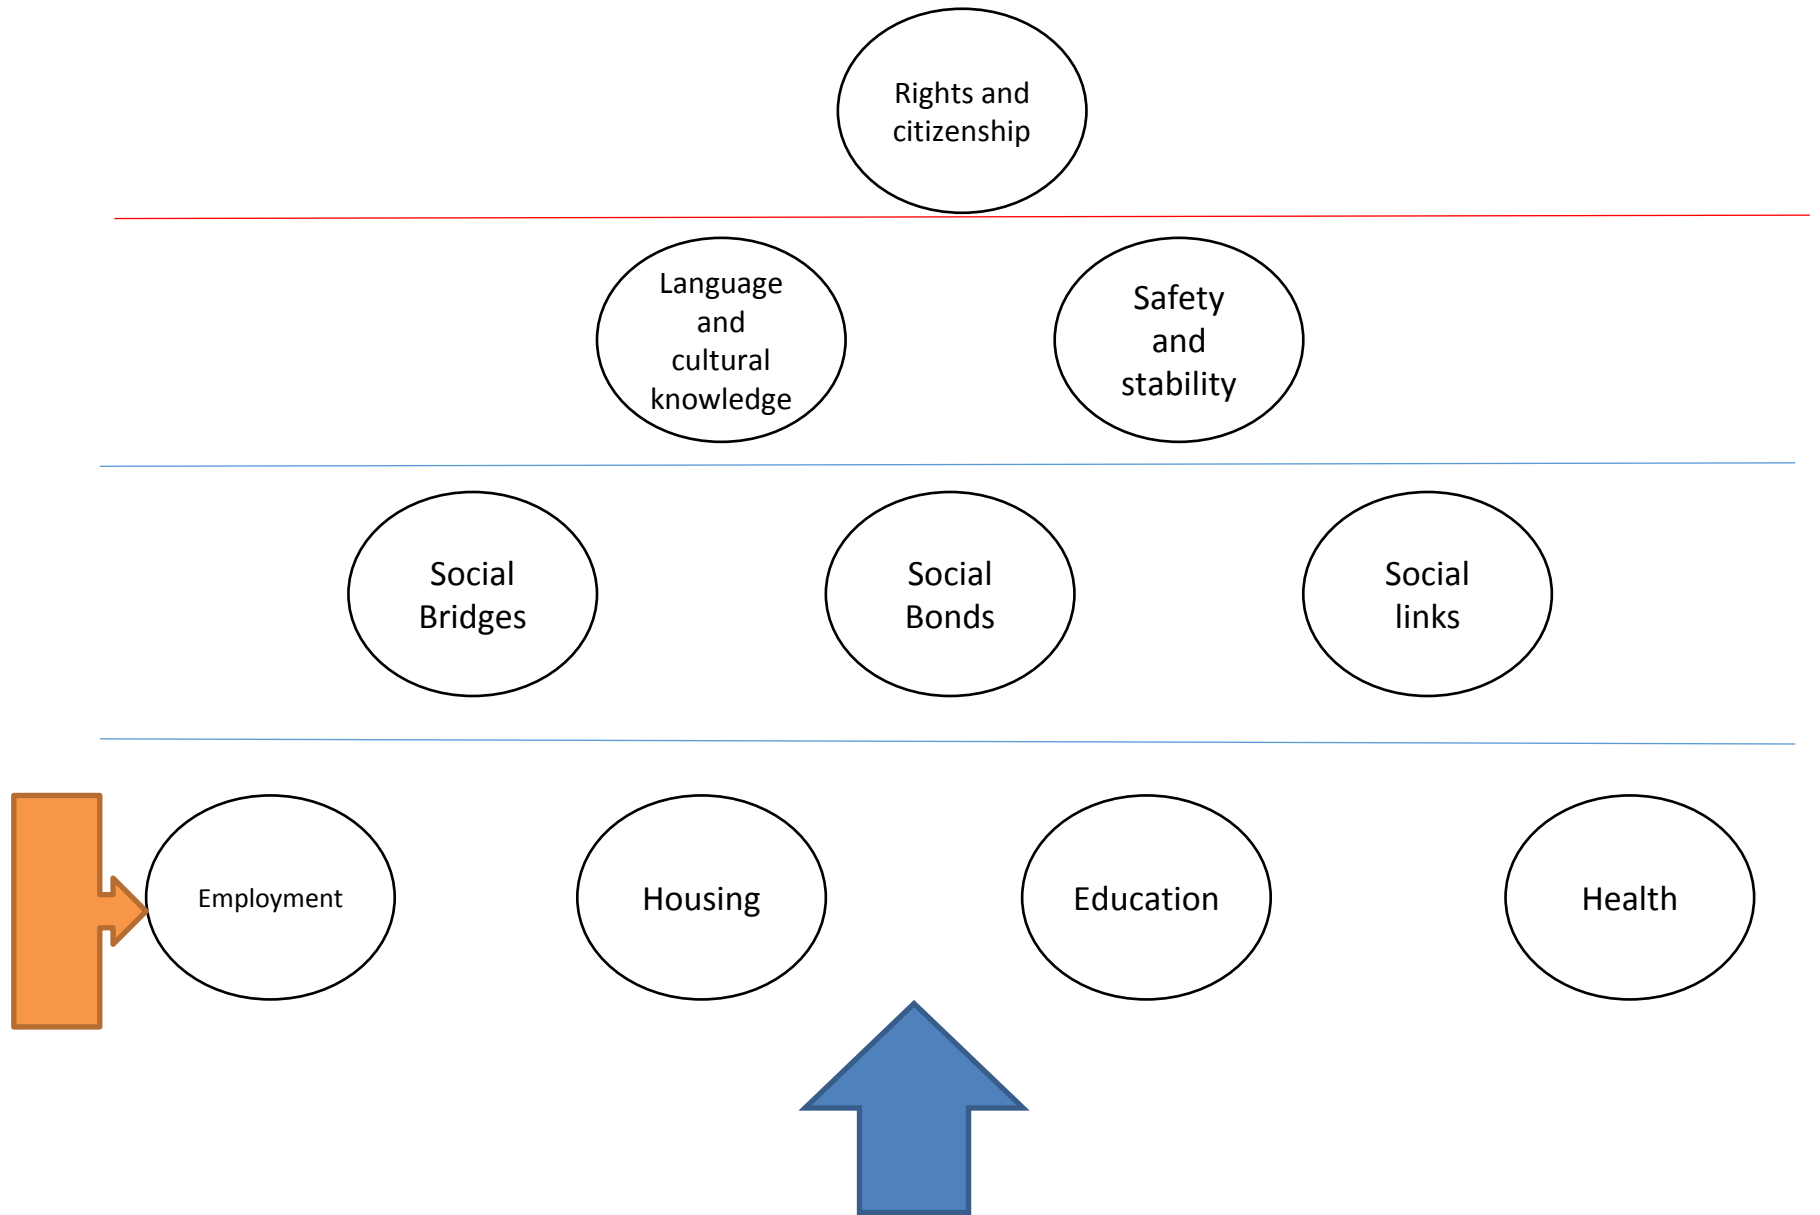

We deal with innovative projects for social inclusion of migrants and refugees.

Its activity relates to encourage paths of sustainable and durable autonomy and contribute to the welfare and development of the Community.

Programma integra

The aim is Integration

INTEGRATION

Integration is the process by which migrants become accepted into society, both as individual and as a group. The openness of this definition also reflects the fact that the responsibility for the integration rests not with one particular group, but rather with many actors- immigrants, institutions, civil societies communities.

Penninx

Gradual process by which new residents become active participants in the economic, social, civic, cultural and spiritual affairs of a new homeland.

UN

Integration is a long-term, complex process that takes generations and requires accommodation between the new arrivals and the host society. Successful integration requires: flexibility, goodwill and generosity by both migrants and their receiving society.

EU

Programma integra

The social inclusion of migrants is the only way
of improving the condition of living inside each
communities for all
